

# Specialized Boarding School No. 1 in Urgench

Under the Agency for Specialized Educational Institutions of Uzbekistan

2 Sheroziy Street, Urgench 220100, Khorezm Region, Republic of Uzbekistan

+998 62 223 20 31 · gmail@urganchimi.uz · urganchimi.uz

## THE SCHOOL

One of the specialized institutions of the **Agency for Specialized Educational Institutions** in Khorezm — a national network under the Ministry of Preschool and School Education that runs Presidential, Creativity, Sports and specialized schools. Entry is by competitive examination and every place is fully funded by the state.

The school opened in 2022 under Presidential Decree PF-269 and specializes in the **exact and natural sciences**. Instruction is in Uzbek. Enrolment is 458 across 20 classes — 253 male, 205 female.

Students come mostly from across the Khorezm region. The 576-place campus holds a three-storey academic building with a dedicated mathematics block, physics, science and informatics rooms, a library and information resource centre, a gymnasium, a football pitch and a canteen serving lunch in two sittings. A purpose-built dormitory completes in autumn 2027. Entry is by examination at grade 5, in mathematics and English, and at grade 7, in biology and chemistry; applications run through [ariza.piima.uz](http://ariza.piima.uz).

The academic building on Sheroziy Street, Urgench.

## LEADERSHIP

### DIRECTOR

**Akmedov G'ulomjon Jumanazarovich**  
PhD in History

### DEPUTY, ACADEMIC

**Bekzod Bobojonov Farhodovich**  
MSc in Physics

### DEPUTY, STUDENT AFFAIRS

**Seytiryayeva Iroda Seytinazarovna**  
MSc in Psychology

### SCHOOL COUNSELLOR

**Quryazova Ruxsora Madamin qizi**  
MA in English

## MISSION

To raise a generation of intellectual leaders who connect knowledge to life, think independently and critically, and contribute to Uzbekistan's development. The school states its values as academic excellence, initiative, collaboration, mutual respect, gratitude and transparency.

## Assessment and University Admission

### 1 TWO EXAMINATIONS PER TERM

The academic year runs in **four terms**. In every subject each term a student sits one **CHSB** term examination, weighted 40–50% of the term mark, and normally two **BSB** standards-based assessments at 20–25% each. Classwork supplies the remaining 10%.

Accumulated points convert to the term mark as **86–100 = 5**, 71–85 = 4, 56–70 = 3 and below 56 = 2. The final grade in a subject is the mean of its four term marks.

### 2 THE FIVE-POINT SCALE

|   |                |   |
|---|----------------|---|
| 5 | Excellent      | A |
| 4 | Good           | B |
| 3 | Satisfactory   | C |
| 2 | Unsatisfactory | D |
| 0 | Not completed  | F |

A mark is recorded for every subject in every term; the four are averaged for the year.

### 3 THE DTM EXAMINATION

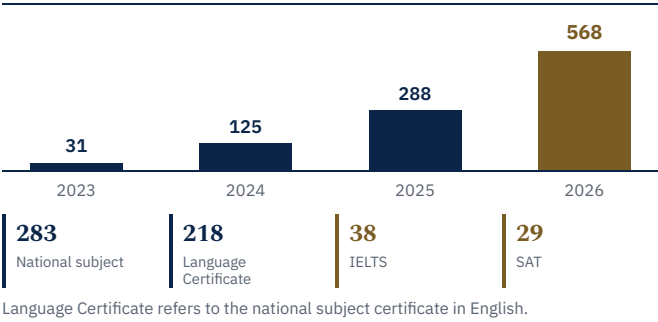

Admission to national universities is decided by the state **DTM** examination, marked out of **189 points**. The subject combination depends on the student's intended major, alongside the mandatory subjects.

Each university sets its own qualifying score for each major. In 2026 the lowest anywhere in the country was **56.7**; selective programmes required far more. A place is awarded either as a fully funded state grant or

### 4 NATIONAL SUBJECT CERTIFICATES

Separately from school marks, the state examines and certifies attainment in **individual subjects**. A certificate earned during school **exempts its holder from that subject's paper** in the university entrance examination and credits full marks for it. A student holding certificates in every subject their intended degree requires is admitted **without sitting the examination at all**.

CERTIFICATES HELD BY STUDENTS

CERTIFICATES BY GRADE

| GRADE        | 5  | 6  | 7  | 8  | 9  | 10 | 11  |
|--------------|----|----|----|----|----|----|-----|
| Students     | 48 | 48 | 72 | 95 | 66 | 65 | 64  |
| Certificates | 5  | 18 | 45 | 79 | 65 | 98 | 258 |

Certificates accumulate across a student’s years, so grade 11 carries the largest holding. All 72 students in the three grade-8 exact-science classes hold a language certificate — 9 at C1, 51 at B2, 12 at B1.

The three grade 8 exact-science classes with the certificates their students hold — 72 of 72.

GRADUATE DESTINATIONS, FOUR COHORTS

|                                 | 2022–23 | 2023–24 | 2024–25 | 2025–26 | TOTAL |
|---------------------------------|---------|---------|---------|---------|-------|
| Graduates                       | 64      | 63      | 61      | 64      | 252   |
| State grant, fully funded       | 30      | 31      | 38      | 37      | 136   |
| Fee-paying contract             | 34      | 26      | 17      | 13      | 90    |
| New Uzbekistan University       | —       | 5       | 4       | 5       | 14    |
| Universities outside Uzbekistan | 0       | 1       | 2       | 9       | 12    |
| Admitted to university          | 87%     | 94%     | 100%    | 100%    |       |

CURRICULUM

GRADES 5–7

Mathematics, English, Russian, Uzbek language, literature, integrated science, informatics, history, robotics, art, physical education and ethics. Mathematics, English and Russian carry additional timetabled support lessons.

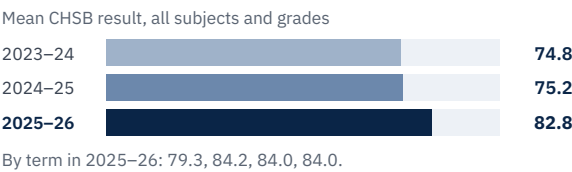

GRADES 8–11

Integrated science divides into physics, chemistry, biology and geography, and students enter one of two specialisms: the **exact sciences**, through mathematics and physics, or the **natural sciences**, through biology and chemistry. The specialist syllabus departs from the standard national curriculum: subjects within a student’s stream are carried well beyond general secondary requirements, to a depth comparable with introductory university courses in the same discipline.

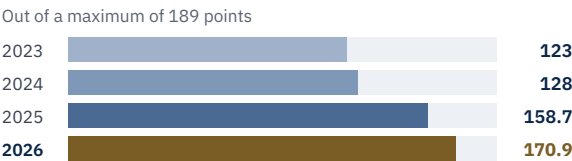

LANGUAGE AND EXAMINATION

All subjects are taught and examined in Uzbek. **English** is a specialist subject from grade 5, taught on official **Cambridge** coursebooks with additional timetabled lessons. Students holding the national Language Certificate in English are exempted from further English lessons and use the time for their specialism.

SCHOOL-WIDE ASSESSMENT

MEAN DTM SCORE

The 2026 mean of 170.9 is the highest of any specialized school in Khorezm, against a national admission minimum of 56.7.

CLASS OF 2026 AWARDS

\$1,690,000

in scholarships to universities abroad.

One place in a global top 20, and two in a top 100.

One **El-Yurt Umidi** Foundation scholarship, of 237 awarded from some 15,000 applicants.

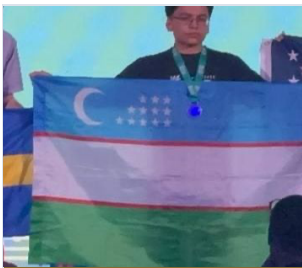

UNIVERSITIES ABROAD

**Michigan State University, Beijing University of Technology, The University of Manchester** (2025, QS 34), **Harbin Institute of Technology** (2025, QS 290); Middle East Technical University (full tuition, two offers), City, University of London, University of Liverpool, The Pennsylvania State University, Purdue University, Rochester Institute of Technology, Arizona State University, The University of Oklahoma, Ithaca College, Constructor University, American University of Beirut, University of Doha for Science and Technology, Özyeğin University, Bahçeşehir University, Istinye University, Istanbul Kültür University, Istanbul Medipol University, Istanbul Gelişim University.

# Faculty, Practice and Partnerships

SPECIALIZED BOARDING SCHOOL NO. 1 IN URGENCH

## FACULTY

44

Teachers

95.4%

Highest state category

93.2%

Certified in the subject they teach

41

Hold certificates

Two teachers hold a PhD, 22 a master's degree and 24 a bachelor's. Between them they have published more than fifty papers in foreign journals.

Certificates held in 2026: national subject 19, IELTS 7, GRE 5, SAT 3, TRKI 3, IC3 Digital Literacy 2, Microsoft Certified Educator 1, GMAT Quantitative Reasoning 1.

Three teachers hold the Minister's Fund supplement and seventeen the 70% attestation certificate. One was named best Uzbek language teacher of the year nationally; another completed a doctorate in geography in 2026 on the effect of climate change on the geoeology of Khorezm.

The teaching staff, 2025–2026.

## SCHOOL PRACTICE — WHAT OTHER SCHOOLS ASK US ABOUT

### 1 PD DAYS

Every Saturday subject leaders teach a method lesson to colleagues and share their practice.

### 2 YEAR-END MONITORING

Internal progression testing across all four terms, analysed by the pedagogical council.

### 3 COUNSELLOR HOUR

Two timetabled hours a week from grade 9 on applying to universities abroad.

### 4 TEACHING PORTFOLIO

Every teacher submits a record of the year's work, online or as a file.

### 5 DIRECTOR'S CUP

Football every Tuesday; the side with most points takes the cup in June.

### 6 "WE ARE LISTENING"

Students report anonymously on the school's climate through a ballot box.

## STUDENT VENTURES

**1 Smart heating system**  
Automated domestic heating

**2 Real Rate**  
Freight cost and time modelling

**3 Loopify**  
Interactive learning platform

**4 EM-1 recycling**  
Organic waste into soil improver

Ten start-up projects run in the school; ten students hold places on the Avanco Mock Trial programme.

## PARTNERSHIPS — 22 CAREER-GUIDANCE MEMORANDA

### UNIVERSITIES
